Education through the media and public relations

Each month, the Heart Rhythm Section of The Polish Cardiac Society publishes educational news in traditional and digital media with high coverage and profiles: nationwide, local, medical, health and lifestyle in terms of the estimated number of recipients and tens of thousands EUR AVE (advertising equivalent value) of positioned articles.

The Heart Rhythm Section of The Polish Cardiac Society communicates actively with patients, clinicians and other stakeholders of the healthcare system through the Facebook channel. Our profile is currently the largest and most influential communication channel of all Polish Heart Society Sections.
