Sudan Heart Society Conference

Pan African Society Conference

Pan African Interventional Cardiology  
Conference

## Conferences & Events

Sudan Heart Society

Nursing in Workgroup Webinar

## 2. Challenges & barriers among our nursing community

Here are five big issues facing nurses:

1. First is resource and financial support
2. Staffing: short-staffing in hospital settings is a top concern for nurses.
3. Long working hours: to help make up for staffing shortages, nurses are often required to work long shifts...
4. Workplace hazards
5. Workplace violence

### 3. Your involvement with ACNAP

Definitely a strong and real additions, and can benefit from the exchange of ideas and access to new nursing and heart disease in Europe and world and relation in Sudan, and latest guidelines as well and research.
